- Educate, Empower, Embrace: LGBT+ Voices Matter!

With the world the way it is at the moment, LGBT+ voices need to be heard more than ever. We deserve respect, safety, and consideration just as much as everyone else. If I was to get the role of LGBT+ officer, this is what I aim to do.

My hope is to reduce and resolve any issues that you, as an LGBT+ student, are facing and to make the University a place where you can be yourself. UEA is supposed to be an inclusive and safe university for all - let's make sure it stays that way. Some examples of issues I aim to work on are to:

- **Hold staff accountable for making sure their learning spaces are inclusive and safe for all students, across all departments.**
- **Help educate staff and students to ensure that LGBT+ topics and discussions are handled with care and with the awareness that they may be difficult for LGBT+ individuals in the room.**
- **Encourage more University-led inclusive events, such as Spectrum, that don't rely upon the consumption of alcohol.**
- **Ensure that any LGBT+ events that already exist - Spectrum, Pride Society etc - are safe and accessible to all LGBT+ individuals.**
- **Continue to normalise the disclosure of pronouns throughout university life.**

I am committed to creating a campus that is not just accepting but truly celebratory of LGBT+ identities. Together, we can build a more inclusive, understanding, and compassionate university community.

LGBT+ OFFICER (PT)
