Please tick this box to show you have read and understand the below statement:

Children need particular protection when we are collecting and processing their personal data because they may be less aware of the risks involved. Children have the same rights as adults over their personal data. These include the rights to access their personal data; request rectification; object to processing and have their personal data erased. We allow competent children to exercise their own data protection rights, so the first time your child logs into the SU website - <https://www.uea.su/> - they will be greeted with a registration page. As part of the registration process, your child has the option to 'opt in' or 'opt out' of promotional and marketing emails that will be sent out to the SU.

By checking this box, as the Parent/s or Guardian/s of the above named child, you are giving your lawful consent that your child is over the age of 13 years old and that you give permission for your child's information to be shared with the club and or society for which they wish to be a member. The club and or society, will only use your child's data for the purposes of their club or societies specific activity and for no other purpose. Their data will be stored for the duration of their membership. The data housed on this form will be deleted after the period of their membership.
